Software Development Training Program

University At Buffalo, The State University Of New York | Buffalo, NY | May 2012
BS in Business Administration, Concentration in Management Information Systems

EXPERIENCE

Amazon, Buffalo, New York

Returns Associate, 07/21 - Current

- Evaluated and logged customer returns using Amazon's web-based GUI while considering customer comments in order to make sure damaged items are not resold
- Made sure sellable products were presentable decreasing the yield of future returns
- Used written and verbal communication to help solve problems and address mixups in customer returns

comicharacters, Buffalo, New York

Founder, 01/13 – 3/16

- Built, deployed, and maintained the website using Razor C# and MS SQL for the backend
- Conceptualized and designed User Experience and User Interface of the front end of the website using HTML5 CSS3 and jQuery
- Implemented SEO to enhance website search engine visibility

Track and Cross Country Club, Buffalo, New York

Webmaster, 05/11 – 05/12

- Redesigned the website for the club using HTML and CSS
- Updated the website to provide relevant information for club members in a timely manner
